Tasting Notes

Aromas of cranberry, cherry, strawberry, cinnamon, and rose petal. Fresh acidity on the palate highlights bright notes of cherry and cranberry that lead to understated tannins ending with the essence of cocoa.

Winemaker's Production Notes

This fairly young block of Primitivo continues to exceed our expectations. It is bursting with jammy fruit-forward qualities on the palate. Located on our Domenico Estate on the south end of the vineyard these vines tend to set bigger clusters with plump berries. despite that, it has the tannin structure to make this a quality offering of Primitivo.

Suggested Food Pairing
